Terms and Conditions of Contract

Scheduling and Arrival – Lesson time will be at ___:___ am/pm on _____ each week. Lesson length is 30 minutes. Students are required to be punctual in order to receive their full allotted time. If tardy, the balance of time left is agreed to be the student’s full lesson for that week. Conflicts with lesson times must be communicated for a particular month, at the time of payment. Once payment has been made for the month, no arrangements can be made to find an alternate time if the agreed to time cannot be made. No refunds, credits or make up lessons will be offered.

Payment – The fee for music lessons is agreed to be \$140 per month, payable at the first lesson of the month. This rate applies every month regardless of whether the lesson day occurs four times or five times. This rate also applies no matter how many of the agreed to lessons are attended. Customer agrees that their tuition payment reserves the instructor’s time for their particular student and shall be paid for regardless of lack of attendance for ANY reason.

Holidays, Vacations, Inclement Weather – Loudoun Music Instruction will be closed on New Years’ Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas. These holidays, when they fall on a customer’s lesson day, will reduce the monthly fee to \$108. Loudoun Music Instruction will also be closed when Loudoun County Public Schools close for snow or ice. Closures for inclement weather will be credited in the amount of \$32 toward the next month’s payment. Notifications for absences are required at payment time at the beginning of the month. If notification is given at payment time, an absence as just fine and \$32 can be deducted from that month’s payment. The minimum payment per month is \$108.

Practice – Two hours of practice is expected for every ½ hour of instruction. This can take many forms. If practice is an issue the instructor will speak with the parents and make recommendations. The passion to play must come from within.
